EMPLOYER ASSISTED HOUSING PROGRAM

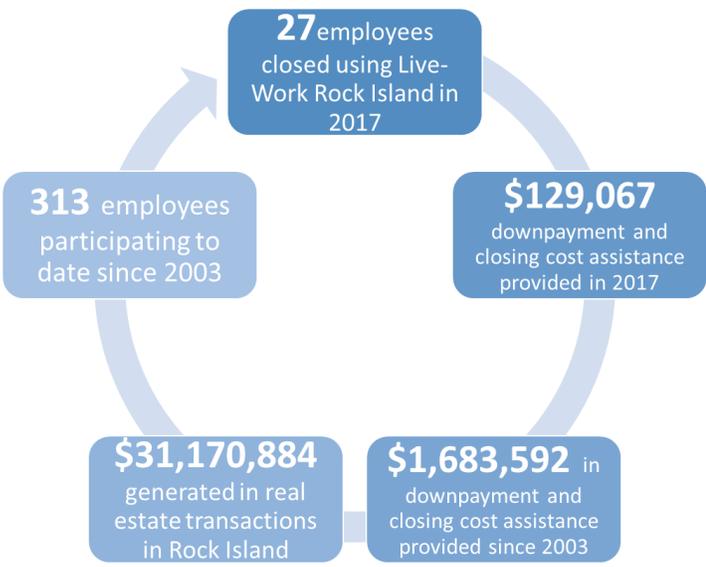

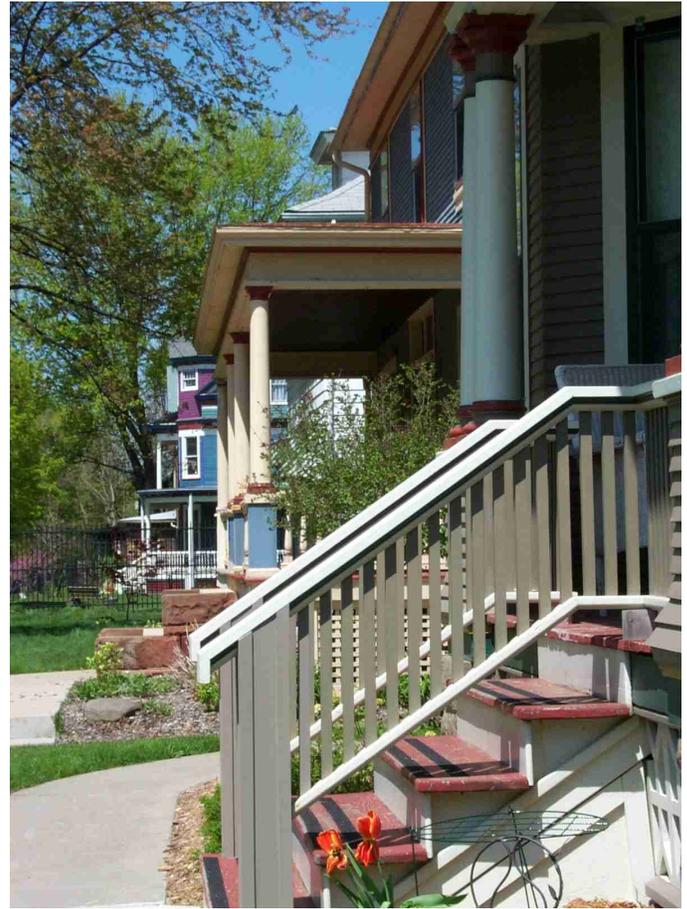

A national model for Live-Work Housing

GROWTH's Employer Assisted Housing Program, otherwise known as Live-Work Rock Island, started as a pilot program in Illinois and now serves as a national model for Live-Work housing. The program provides a great incentive for homeownership in Rock Island for the local workforce community.

Since its inception in 2003, the program has helped over 300 households with over \$1.6 million in direct homebuyer assistance, generating over \$31 million in real estate transactions in Rock Island (as of December 2017).

Employees who earn up to 120% of the area median income and work for employers who contribute to the program may participate. To date, approximately 60 employers participate in the program. Forty-nine percent (49%) of participating households relocate to Rock Island from another community.

Financing sources for Live Work Rock Island and GROWTH's other single family homebuyer programs include IHDA State Affordable Housing Tax Credits, the Housing Trust Fund, contributions from participating local employers, and other private sources.

NEIGHBORHOOD STABILIZATION PROGRAM

Designated Census Tracts: Rock Island, Moline, Sterling, IL

THE PROBLEM: The worst housing and economic downturn since the Great Depression had serious consequences for Rock Island neighborhoods and businesses. Foreclosures in some neighborhoods spiked 220%, businesses closed, and unemployment spiked.

THE INVESTMENT: A total of \$44 million was invested in Rock Island and Northwestern Illinois to stimulate the economy and stall the foreclosure crisis. Funding was put to the streets in an effort to rebuild neighborhoods hurt by foreclosures, vacancies, and blight.

- GROWTH applied for and received **\$21.2 million** in Neighborhood Stabilization Program funding (NSP1 and NSP2) - programs of the Housing and Economic Recovery Act and American Recovery and Reinvestment Act. Funds were administered by GROWTH to benefit Rock Island and communities in Whiteside County.
- NSP grant funds were leveraged with another **\$22.8 million in local, state, private, and other grant sources**
- For a total investment of **\$44 million in neighborhood stabilization efforts** throughout Northwestern Illinois
- **\$34.8 million of this amount remained in Rock Island**, and nearly a quarter of the funds came from local lending institutions to finance construction and provide first mortgages to buyers.

3-YEAR ECONOMIC IMPACT - ROCK ISLAND *

Marketing Services	\$48,828
Other Professional Services**	\$1,188,670

THE OUTCOMES

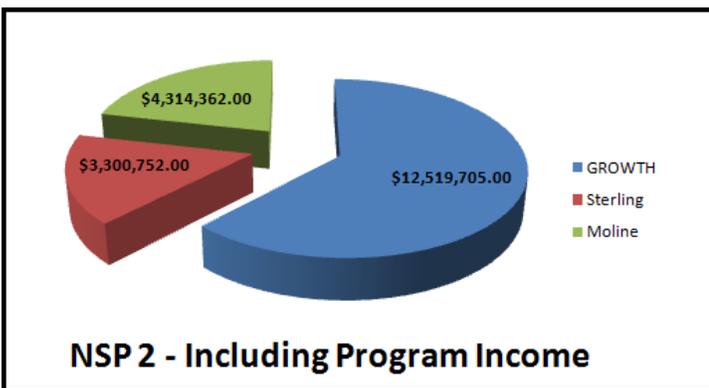

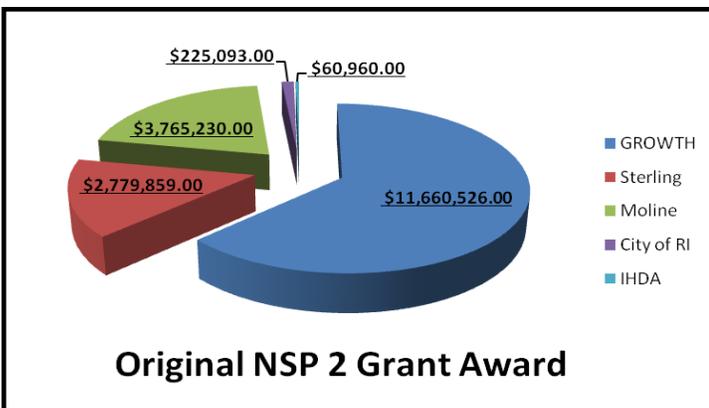

This \$44 million poured into the local economy over a period of five years. In this time, the economic impact (table to the left) and the outcomes achieved have been remarkable for Rock Island, Sterling, and Moline, IL.

- Supported **212 jobs** during a time when lay-offs and business closings were at an all time high.

GROWTH applied for Neighborhood Stabilization Program funds on behalf of the Northwestern Illinois Housing Coalition (NWIHC). At the time of the application, this coalition included GROWTH (Lead), the City of Rock Island, City of Moline, and City of Sterling. The charts below illustrate the allocation of the original NSP 2 Grant to each NWIHC member, and the Program Income earned through the sale of renovated and newly constructed units.

Lasting Impact

“The Neighborhood Stabilization Program has allowed us to address decline in our neighborhoods where there are high degrees of foreclosure and abandonment. By investing in the homes in these areas, and attracting prepared and educated homebuyers we have made a strategic and lasting impact in our neighborhoods and community.”

Due to the success of the NWIHC in carrying out neighborhood stabilization program efforts, and its resulting positive impact on the local economy, the NWIHC was expanded. The NWIHC now includes Rock Island Economic Growth Corporation, the City of Rock Island, the City of Sterling, and the City of Moline, along with the City of East Moline, the City of Fulton, the City of Morrison, The Arc of the Quad Cities Area, and Project NOW.

LAWRENCE LOFTS

218 1st Avenue, Sterling, IL

Units: 20 Residential Rental

Investment: \$5.6 Million

Economic Growth Corporation is redeveloping the second through fifth floors of the Lawrence Building into a \$5.5 million adaptive-reuse development repurposing the vacant, upper stories into residential affordable rental units.

The Lawrence Lofts development will provide downtown urban options for individuals seeking affordable housing within walking distance to services and amenities.

Additionally, the development also saves the Whiteside County Extension Courthouse by removing the financial burden of maintaining the aging vacant upper stories, allowing the County to maintain its ownership of the Lawrence Building's first floor and presence in downtown Sterling.

Catalyst for Investment

The Lawrence Lofts development comes off the success of nearly a 10-year partnership between GROWTH and the City of Sterling. Lawrence Lofts is the first multi-family development GROWTH has produced in downtown Sterling, but GROWTH has been partnering with the City of Sterling since 2009 on various housing initiatives including Neighborhood Stabilization Program 2, Illinois Attorney General National Foreclosure Settlement Funds, and others.

Interesting Fact: The upper stories of the Lawrence Building have been vacant since the 1960's. Below: First time windows of Lawrence Building have been opened up since 1960's. MAKING COMMUNITIES STRONGER: ONE LIFE, ONE HOME, ONE PROJECT AT A TIME

A COME-BACK STORY

The Rock Island community was gravely affected by the collapse of the farm implementation industry during the 1980s. At the time, one of the region's primary employers shuttered its doors resulting in the loss of 20,000 for the region. Rock Island was hit particularly hard losing 5,000 jobs and 20% of its population, resulting in a huge drop in its tax base.

What can be seen 30 years later is resilience- a community's steadfast commitment to changing a loss into one of renewal and economic vigor that has enabled Rock Island to be nationally known for its strong public-private partnerships working together for positive change. GROWTH has a 30-year history working in the Rock Island community, and has served as a catalyst to spur the commitment and investment of public and private partners.

Celebrating over thirty years in business, GROWTH is one of the most dynamic development organizations you will ever have encountered. Since its formation in 1983, GROWTH has played an enabling role in nearly \$310 million worth of developments that range from revitalizing dilapidated downtown buildings, attracting and supporting thousands of new jobs, supporting local art and hospitality efforts, and sprucing up strategic gateways.

By leveraging more than \$180 million in local and regional investment, GROWTH has earned a national reputation as a trendsetter in implementing cutting edge community-based development initiatives. The developments and programs implemented by GROWTH have re-built buildings, re-established neighborhoods, and re-connected the communities throughout the region.

GROWTH, now a national non-profit community based development organization, is expanding its impact throughout the region and branching out throughout the Midwest and in Florida, continuing to expand its impact to underserved communities and populations.
