- Lead License from the State of Illinois (Supervisor, Worker) or arrangement with such licensed entities to perform any rehabilitation activity related to remediation or interim control of lead paint hazards. For larger projects, an Illinois lead abatement contractor license may be required. Further information may be obtained from the Illinois Dept. of Public Health: <http://app.idph.state.il.us/Envhealth/Lead/LeadProfessionalListing.asp>
- Demonstrate experience and quality workmanship. New contractors must provide references from past projects, preferably for jobs where GROWTH may be able to visit on-site.
- Demonstrate financial capacity to undertake a rehab or construction project – in the form of available funds or credit, or a combination of both:
 - For HOME/SFR projects, generally a single payout draw is made upon completion of the project. New contractors may be required to show proof of ability to financially cover the entire cost of the project.
 - For NSP or other larger projects that allow for progress payouts prior to completion, new contractors may be required to show proof of ability to cover at least one-third of the total cost of the project.
