Frequently Asked Questions

Disclaimers:

- *Information included in this document will be updated on a regular basis when applicable.*
- *Housing providers can no longer initiate an ILRPP application. The housing provider-led application period closed on June 13, 2021. The tenant-led application portal will be open from June 28 – July 18, 2021. Tenants whose housing providers did not initiate an application or those who missed the window to complete their application may apply and invite their landlord to participate.*

Application

1. How do I apply for the Illinois Rental Payment Program?

- The ILRPP application is a joint application that begins with the tenant. After the tenant completes their section, the housing provider will be contacted by email with instructions to complete their portion of the application. **All ILRPP applications must be submitted online at ILRPP.IHDA.org.** An application will not be considered complete until both the tenant and the housing provider complete their sections of the joint application.
- For tenants with barriers to accessing the online application, Housing Stability Servicer (HSS) organizations are standing by to help. Contact IHDA's ILRPP call center at 1-866-IL-HELP1 (454-3571) to be connected with an available HSS agency or visit our website at: [Housing Stability Servicer Providers \(HSS\)](#).

2. Is there a limit to how many applications I can submit?

- There is not a limit. Housing providers can apply for as many current renter households who they believe meet the eligibility requirements. Housing providers will need to apply separately for each household.

3. What if my tenant does not want to participate in the Illinois Rental Payment Program?

- Tenants must complete their portion of the application in order to be considered for assistance. If the tenant chooses not to participate, the joint application cannot be completed and is ineligible.

Program Overview

4. How much assistance can my tenant receive?

- Tenants whose applications are approved will receive a one-time grant matched to their specific need, paid directly to their housing provider. Grant amounts will vary, and the maximum grant amount is \$25,000 per tenant. Assistance will cover up to 15 months of emergency rental assistance, paying up to 12 months of missed rent payments and up to three months of future rent payments. The coverage period is June 2020 through August 2021.

5. How will Illinois Rental Payment Program funds be distributed to approved applicants?

- If approved, IHDA will issue a grant payment directly to the housing provider on behalf of the tenant in the form of a check using the payment information provided in the application.
- Once the application portal closes on July 18, 2021, all completed applications by tenant and housing provider will be eligible for review and funding. If the housing provider did not complete their section of the application, it will be considered an unresponsive housing provider application. The unresponsive housing provider application will go through a special process to be eligible for review. Those tenants will be contacted by IHDA with further instructions.

6. Will I have to repay any funds if my tenant's application is approved?

- No, the assistance is a grant.

7. Will housing providers pay taxes on Illinois Rental Payment Program funds if their tenant's application is approved?

- Yes, ILRPP assistance will be considered gross income for tax purposes for the housing provider. Tenants are not required to pay taxes on ILRPP assistance as it is not considered income for members of the household.

8. Will the Illinois Rental Payment Program run out of funding?

- The emergency rental assistance is provided by the Federal government, and we believe Illinois has enough funding to help all residents who are confirmed to qualify for assistance.
